

“My patients tell me that I do take the time and do listen.”

--Dr. Brian Zinsmeister

Brian J. Zinsmeister, D.P.M.

Doctor of Podiatric Medicine & Surgery

Dr. Zinsmeister established his private practice in 1985 and specializes in the surgical correction of foot and ankle problems. He makes a concerted effort to use the most up-to-date treatment techniques. In 1992, he co-directed a medical mission to teach and demonstrate advanced U.S. foot surgical techniques to orthopedic surgeons in Vilnius, Republic of Lithuania.

His patients frequently commend him for candid and straightforward explanations and describe him as a physician who listens closely, understands and cares.
